Desk Lamp - National Trust Edition - Buttermilk Yellow

Description

Launched in 1935 and generally considered the archetypal Anglepoise, the Original 1227™ pioneered our unique constant spring technology to deliver ultimate flexibility and perfect balance. Today this timeless, classic design enjoys iconic design status.

Anglepoise and the National Trust have come together to create a timeless range of lamps that are designed to illuminate our homes and the everyday objects that bring us joy.

The funds raised will support The Homewood, a modernist gem in Surrey, England, designed by architect Patrick Gwynn and gifted to the National Trust in 1999.
